

New advertising material shop

Dear colleagues,

since 02 January 2019 we have a new advertising material supplier. There is an external catalogue in Enterprise Buyer Professional (EBP) available.

Global Purchasing has concluded a contract with Plan Concept that applies to the entire Festo Group. Please order all advertising material only from this supplier as of 2019.

- Would you like to order branded advertising material? You can find the items in stock with the Festo logo directly in the Promotion Shop. You can see how many items are still on stock. Delivery within Germany takes place within 5 working days after approval by Festo. Step by step we will add more interesting items to the shop.
- Do you need something special? Then you can choose from other products in the Plan Concept shop. The prices quoted in this shop are guide prices. Ask for an offer. You and the responsible buyers at Festo will receive this offer with prices specially negotiated for Festo.
- Do you need something for a special occasion (trade fair/event)? Fill in the contact form and they will contact you or contact Martina Karle, Marilena Signorello.
- Please note that an over- or under-delivery of 10% is possible for " project-related " orders. The invoice will be adjusted to the actual delivered quantity.
- You don't have EBP access and just want to see what's available? Click on this [→Link](#).
- You don't have EBP access and still want to see the prices of the available items? Log in with the user "promotion.shop@festo.com" and the password "corporate.shop".

Festo News
International

Any Festo employee can make enquiries. Orders are mainly placed and taxed via Enterprise Buyer Professional (EBP). This applies to all locations and companies of the Festo Group in Germany, Hungary, Bulgaria, Brazil, the United States, China and India. Switzerland, the Czech Republic and Singapore will be added in the coming months. If you work in one of these countries, please contact your EBP key user, you may only order via EBP!

If your company does not have EBP integration, please create a customer account with your service email address by clicking on "Create account". After successful registration and subsequent activation, you can shop in the web shop, stating your billing and delivery address. The necessary supplier data to create Plan Concept in your purchasing organization can be found here [→Link](#).

Kind regards,
Corporate Communication, CC
